

RIDING BOOTS

2016

New targets for tradition and talent.

I remember my first Sergio Grasso boot with great fondness and affection. It was all I had hoped it would be - craftsmanship at its finest, the epitome of the Made in Italy label and a champion of reliability at all times. From that very first model, I have never wavered from the path that ultimately led to the Sergio Grasso brand being recognized the world over and increasingly sought-after by the greatest riding professionals and champions. A journey in which tradition has found new forms every year, with cutting-edge techniques and materials, creating products with ever improved performance.

Like the new Walk&Ride: an innovative take on the low boot for even greater comfort, and like Everyone: a perfect fit for the passion of both expert riders and beginners. Great customisation always adds a truly special touch.

My passion is expressed every day, in every boot, in every accessory and every product that bears the Sergio Grasso signature. Achieving excellence and expressing the talent of all those who live the experience of riding with the same joy and emotion that I myself feel.
