## A stylish name for a life style.

With our hands we design, manufacture, give life to boots that are unique in design, style and performance. Careful Italian handcrafting blends tradition and innovation. As we know that every rider and every horse has a unique relationship, we want every Sergio Grasso boot to reflect the taste and personality of the person who wears it.

The Sergio Grasso represents a team united by passion shared in every gesture, every product, every day.

Sergio Grasso

vibram

**ENdurance®****Technology and comfort beyond all limits.**

Resistant, performing, comfortable, but above all in harmony with nature. Designed to go beyond the limits and overcome even the most difficult challenges. Its technical characteristics and quality materials make it suitable for any type of terrain and all climate conditions. Offers stability and safety, without sacrificing comfort.

**1. Outsole XS TREK COMPOUND Vibram®**

Non-slip rubber sole for maximum stability and grip.

**2. EVA Midsole**

To offer balanced performance cushioning, durability and energy return.

**3. Ortholite® anatomical insole**

Ecological, breathable, comfortable, provide constant cushioning, washable, cool and dry.

## To live and show respect for nature.

The design of the KM Plus is based around agile lines combined with the quintessentially Italian style of Sergio Grasso. Over forty years' experience in the world of footwear for horse-riding has led to a shoe designed for endurance. One that reflects all the characteristics of this equestrian discipline.

Resistance and adaptability are its mainstays. Comfort and ease of cleaning are its added value.

Respect for nature is what defines it.

# SG 84100 - KM Plus

VIBRAM® SOLE

## SG 84100 - KM Plus

Upper 100% waterproof, breathable

Reflector on the upper for night visibility

Sympatex® lining, 100% recyclable, absorber, remove interior moisture and improve foot comfort

Quick front lace closure

Waterproof elastic collar prevent dirt and water from going inside the shoe

Anatomical Ortholite® - shock absorber, breathable, with antibacterial and odour resistant properties all to help prevent foot fatigue

Non slip Vibram® outsole with heel for maximum stability and grip

## Walk&Ride®

### Quality and technology at your feet.

WALK&RIDE: technology and style, the new experience in comfort. Stunning ergonomic design, superb finishes, quality leather and materials, versatility and lightness.

For walking, riding, and all day comfort.

WALK&RIDE®

#### 1. SG-Vibram® sole

Adapts to the biomechanics of the foot, ensures feel and grip on the stirrup, self-cleaning in mud, grip on heel and toe.

#### 2. Insole

Cotton fiber insole is extra light, flexible, breathable and humidity absorbing.

#### 3. Steel shank

Along midline of footbed provides maximum stability of foot.

#### 4. Footbed

High-density foam and micro-fiber cushioning system combination is shock absorbing, breathable, with antibacterial and odor resistant properties all to help prevent foot fatigue.

# WALK&RIDE®

**Some follow the beaten track.  
Some make tracks of their own.**

Energy and HvE are the high-performance innovative riding boots; Dynamik is the super comfortable paddock boot that coupled with its matching gaiter Flexy create an alternative to the riding boots with a stunning look.

## The triumph of passion and style.

The perfect encounter between two talents – that of the great champion Michel Robert and that of Sergio Grasso – has led to a new line of competition boots. With their unique design and combination of soft leathers and latest-generation super-elastic materials, Michel Robert boots provide greater adherence to the ankle and sensitivity in contact with the horse. The sophisticated and essential design with its distinctive details provides a tailored fit, even for slender ankles and a low instep.

made by Sergio Grasso

## The feel of leather, the performance of microfiber.

Sergio Grasso with EcoRiding, offers a planet-friendly line made of innovative, high performance, non-animal materials. The special microfiber used for the upper, V-Label certified, is 100% waterproof and perfectly breathable as well as abrasion resistant and antibacterial. Lining and insole, made of the latest generation of microfibers, absorb and eliminate internal moisture, improving the health, comfort and hygiene of the foot.

Selection and use in EcoRiding of alternative, advanced and certified materials integrates perfectly with our ongoing search for new stylistic and functional solutions.

**EcoRiding®**

Technology at your feet, for your feet.

**1. SG-Vibram® sole**

Non-slip rubber sole for maximum stability and grip.

**2. Insole**

Cotton fiber insole is extra light, flexible, breathable and humidity absorbing.

**3. Steel shank**

Along midline of footbed provides maximum stability of foot.

**4. Footbed**

Shock absorbing, breathable, with antibacterial and odor resistant properties all to help prevent foot fatigue.

# ECORIDING

**The feel of leather, the performance of microfiber.**

An alternative to leather that keeps the feel and touch of leather. Different microfibers are used in EcoRiding for the upper, the insole and the inner lining, resulting a production process in total compliance with environmental regulations.
